

Learn the skills of home construction for **FREE** in Sarnia!

Our Future Builders Program will provide a hands on opportunity to learn practical training and job readiness skills that will enhance employability in the skilled trades included in home construction.

Participants will be mentored, supervised, and educated by Habitat home build construction tradesmen on the Habitat mission and safety. Many valuable work skills related to the stages of home development will be taught including, but not limited to, framing, siding, dryalling and the installation of windows, doors, as well as fence and deck construction, and exterior landscaping.

- Ten week program with two day a week commitment. (Mondays & Tuesdays)
- Participants must be between the ages of 17 - 30 to participate
- Program location is in Forest (must provide your own transportation)
- Habitat for Humanity Sarnia/Lambton will provide boots (a maximum allowance of \$125 will be given), hard hat, hearing and eye protection, hammer, toolbelt, measuring tape, and gloves **(all of which are yours to keep after completing the program)**

April 27th - June 30th 2026

REGISTRATION CLOSES APRIL 20TH AT 11:59pm
